

LEONARD EAR OIL

Relieves Deafness, Stops Head Noises

Nine out of ten cases of Deafness and Head Noises are caused by catarrhal mucus (matter) in the Eustachian Tube, which connects the nose and the ears. Leonard Ear Oil removes the mucus, opens up the tube and the other air passages of the head, and the result is improved hearing and relief from Head Noises. It is not put in the ears, but is "rubbed in back of the ears" and inserted in the nostrils, and "Common Sense Directions for Care of Hearing," which accompanies each bottle, tells you exactly how to take care of your own case. Do not be misled by substitutes or imitations. The only genuine "EAR OIL" is A. O. Leonard Ear Oil. It is the original and has been on the market since 1907, and every year it has relieved hundreds of people of their Ear Troubles. No matter how long you have been deaf, nor how deaf you are or what caused your deafness, or how many things you have already tried which have failed to relieve you, Leonard Ear Oil has relieved many such cases as your own. Why not you?

A Testimonial That Has Been SWORN TO

Subscribed and sworn to before me this 13th day of November, 1918, Joseph Braman, Notary Public No. 221, City and County of New York.

Dr. Mr. Leonard—Having had my hearing completely restored by Leonard Ear Oil I feel it an obligation to let you and others know what it has done for me. My deafness was caused by catarrh, and I have been growing worse for years. I had become so deaf I was unable to give up my regular business because of my deafness. It was necessary for me to hear well in my regular work. After using less than two bottles of Leonard Ear Oil I hear as well as ever and am still on my job. Since my cure, 10521st St., New York City.

WET PETITIONS ARE RIDICULED

Virginia Governor Is Asked
to Suspend Enforcement
of Prohibition Laws.

RICHMOND RENTS JUMP

Correspondence of The Sunday Star.
RICHMOND, Va., April 12.—Petitions to have Gov. Davis suspend the prohibition commissioner, Dr. Peters, and his staff from the enforcement of the prohibition laws, as suggested in a statement credited to the Anti-Dry League, is being ridiculed here by those who know the facts. The governor cannot suspend the laws and he cannot remove the commissioner save for cause. The report is that 125,000 petitions are to be circulated in this state for this purpose, but the real intent is to ascertain just how many persons will sign it, with a view to having the question again submitted to the voters.

Constable Brock of Hanover, single handed, captured a new high-speed Cadillac car day or two ago, and with it he secured more than 140 quarts of liquor.

Dry Officer Was Robbed.

Six white men of this city have been held for the Henrico grand jury on the charge of highway robbery. They are charged with holding up a prohibition officer and stealing a large quantity of whisky, taken from a car brought into Virginia from Baltimore. Rentals in this city have jumped 25 per cent in the last thirty days.

Whatever magic there may be in the amount, the sick of the city can still get a full quart of liquor when they present a prescription duly signed and attested.

The Friends of Irish Freedom have been organized in several Virginia cities. The local division is known as the Patrick Henry Branch, and the point that Henry was not an Irishman was raised. One member said that "while Patrick Henry may not have been an Irishman he talked like one," and the name was adopted by unanimous vote.

Going Back Into Army.

About fifty men in this city are enlisting in the Army each month, after having come home and visited the members of their families. Many of these men have been unable to get employment, they have about disposed of the money they received when discharged and they prefer life in the Army to waiting for business to resume.

After several months of hard work, the state council of defense will retire from the fuel wood business. Last winter when the price went to \$14 a cord the council arranged to sell wood here at \$9.

NAVAL BATTALION NEAR REQUIRED ENROLLMENT

Needs Only Few More Men Before Being Mustered Into District Militia.

The Naval Battalion held its usual drill Wednesday evening and seventy-five men reported for duty. The new division lacks only a few men to bring it up to the required number. As soon as these enroll Brig. Gen. Richard D. Stimmus, commanding the militia of the District of Columbia, will muster in the organization.

Commander Dempf makes a special appeal to men without naval service experience, as well as those who have seen service, to report at the Naval Militia armory next Wednesday evening at 7:30.

Commander Dempf gave an interesting subject of standing and running rigging of all classes of ships and on ground tackle, knotting and splicing. Classes in advanced navigation are progressing and some very promising candidates for commissions are working hard, both practically and theoretically.

The section of the organization for hydroplane work is under the direction of a Naval Reserve officer. This work will include the construction of a plane and its operation. Wireless classes will be formed and men entering will obtain an education in this work that will benefit them in civil life as well as preparing themselves in the service for active duty if called upon. Work is practically finished on the small boats.

Commander Dempf extends an invitation to all young men to come to the armory, whether they have intentions to enlist or not, and see the good, clean instruction and sport the men of the Naval Battalion receive without expense.

TIRE THEFTS TOTAL \$20,000.

George P. DeWest, Accused of Complicity, Brought Here.

George P. DeWest, Argenta, Ark., indicted in this city for alleged complicity in thefts of automobile tires valued at more than \$20,000, was recently arrested in LeJunte, Cal., and brought here by Detective Charles Wise of the fifth precinct. It was due to the work of Detectives Wise and Nalley, assisted by police of the fifth precinct, that several thousand dollars' worth of tires were recovered and DeWest and C. D. Spittler arrested and indicted.

Spittler, navy yard employee, was out on \$4,000 bond for his appearance, but the bond was increased several days ago and he again was taken into custody. Investigation of the alleged thefts of tires kept the detectives busy for several weeks, and the tires recovered were numerous enough to fill a building of ordinary size. It is said that Spittler came here from Rudolph, Ohio, and accepted a position in the navy yard, later employing DeWest at a salary of \$50 a week. DeWest disappeared from this city about the time Spittler was arrested, it is stated, and was located in the Colorado town where he was arrested.
